ENROLLMENT/ADMISSIONS POLICIES 2019-2020 SY

is absent, SCHOOL MUST BE NOTIFIED 30 MINUTES PRIOR TO SCHOOL STARTING ON THE DAY OF THE ABSENCE.

When a student is absent three days a phone call from school representative and a warning will be sent home; a school representative may conduct a home visit in attempt to contact student/parent/legal guardian. When a student is absent five days, the student/parent/legal guardian will be advised that the student is at risk from being withdrawn from school and at risk of truancy charges. When a student is absent five days a warning will be sent and school representative will attempt to contact student's emergency contacts. The student will be withdrawn from school after 14 consecutive days of being absent from school student, without a written excuse from a parent/guardian.

Withdrawal

A student who fails to participate in 105 consecutive hours of learning opportunities offered, unless the student's absence is excused will be automatically withdrawn. Effective November 1, 2018 a student who fails to participate in (72) consecutive hours of learning opportunities offered unless the student's absence is excused will be automatically withdrawn. Otherwise, a Student/Parent/Legal Guardian may withdraw a student voluntarily by signing a Voluntary Withdrawal form. Student's withdrawal status will be reported to all legal entities as applicable.

Excused absences

Students are required to report absences when they are unable to attend school. Absences should be reported by contacting the attendance office. School must be notified 30 minutes prior to school start on the day of the absence. Copies of doctor's excuses or other reasonable excuses can be mailed, or sent via fax to school office. Absences will then be judged as excused or unexcused by administration. A written statement of the cause for absence from the student/parent/legal guardian must be submitted to the school within five school days or the absence will be considered unexcused.

Absences due to the following will be excused:

- Personal physical illness
- Personal mental illness
- Illness of child
- Serious illness or Death in the family
- Illness in the family necessitating the student's presence
- Observance of religious holidays
- Quarantine of the home
- Court subpoena
- Recertification with Ohio Department of Job and Family Service
- College Visitation

ENROLLMENT/ADMISSIONS POLICIES 2019-2020 SY

- Medical or Dental appointment
- An emergency or circumstances that in judgment of the school constitute a good and sufficient cause of absence.

Administrator reserves the right to verify such statements and to investigate the cause of each single absence.

Make-up work for excused absences

Make up work includes computer and in class assignment. Teachers will assist a student with makeup work for excused absences; however, it is the student's responsibility to initiate make up work with each teacher. Students have the number of days absent to make up their missed work. In the case of tests, quizzes, and labs special arrangements will be made to afford the student enough time to make up work in all of his/her classes. A written plan is required with more than five days of absence.

Unexcused absences

Unexcused absences are when student/parent/legal guardian fails to submit a written statement of the cause for absence within five school days of the absence.

Make-up work for unexcused absences

Assignments for which a grade was taken for that class or day of unexcused absence may be counted as a zero at the discretion of the teacher. Out-of-school suspension is also an unexcused absence caused by student conduct. However, school may permit students to make up missed work due to out-of-school suspensions per school policy.

Truancy Policy

The AUS school endeavors to reduce truancy through cooperation with parents, diligence in investing the causes of absence and use of strict guidelines in regard to tardiness and unexcused absence.

A positive school climate requires students to: follow school rules; accept guidance from school staff; respect themselves and others; and be active citizens. The Governing Authority has zero tolerance of violent, disruptive or inappropriate behavior by its students. Student conduct shall be governed by the rules and provisions of the Student Code of Conduct/Student Discipline Code. This policy will be reviewed periodically.

It is the responsibility of students, teachers and administrators to maintain a school environment that:

- Encourages all students to be actively engaged in their learning;
- Has consequences that are fair and developmentally appropriate;

ENROLLMENT/ADMISSIONS POLICIES 2019-2020 SY

- Relies on preventive and supportive interventions to support positive behavior and academic outcomes; and
- Fairly enforces the Student Code of Conduct/Student Discipline Code.

All students and families are provided a copy of the Student Code of Conduct/Student Discipline Policy, which contains the rules and regulations that each student is expected to adhere to while in school or participating in any school-related activity, regardless of its location. The school has developmentally and age-appropriate discipline strategies ranging from preventative approaches to supportive interventions to address student misbehavior, including excessive absences. Students who do not follow school rules on school property and/or at school-related events will be disciplined according to the terms set forth in the Governing Authority approved Student Code of Conduct/Student Discipline Policy. The Student Code of Conduct/Student Discipline Policy provides students and families with examples of the types of behaviors that would subject a student to disciplinary action ranging from suspension or expulsion to other less severe forms. Suspension and expulsion will only be used once other options have been exhausted, unless the student's behavior poses a threat to the safety of him/herself or others

A student may be subject to school disciplinary action, including suspension or expulsion for harassment, vandalism, physical abuse or other harmful or disruptive behavior toward school personnel or school personnel's property during non-school hours.

If a student's suspension is longer than the school year, the student will not be required to complete the suspension at the beginning of the next school year. However, the student may be required to complete community service or an alternative strategy for engagement, per the School Director, to be completed during the summer.

Students may be subject to discipline for violation of the Student Code of Conduct/Student Discipline Policy even if that conduct occurs on property not owned or controlled by the Governing Authority but that is connected to activities or incidents that have occurred on property owned or controlled by the Governing Authority, or conduct that, regardless of where it occurs, is directed at a Governing Authority official or employee or the property of such official or employee.

Regular school attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school prepared for higher education and the workforce. To support academic success for all students, the school will partner with students and their families to identify and reduce barriers to regular school attendance. The school will utilize a continuum of strategies to reduce student absences including, but not limited to:

- Notifying the parent or guardian of a student's absence;
- Developing and implementing an absence intervention plan on a case-by-case basis, which may include supportive services for students and families;
- Counseling;

ENROLLMENT/ADMISSIONS POLICIES 2019-2020 SY

- Parent education and parenting programs;
- Mediation;
- Intervention programs available through juvenile authorities; or
- Referral for truancy if applicable.

DEFINITION OF TRUANCY AND EXCESSIVE ABSENCES

- a. Absent 30 or more consecutive hours without a legitimate excuse;
 - b. Absent 42 or more hours in one school month without a legitimate excuse;
 - c. Absent 72 or more hours in one school year without a legitimate excuse.
3. Includes 'excessive absences':
- a. Absent 38 or more hours in one school month with or without a legitimate excuse;
 - b. Absent 65 or more hours in one school year with or without a legitimate excuse.

Ohio law requires that if a student is absent with or without legitimate excuse from school 38 or more hours in one school month, or 65 or more school hours in a school year, the following will occur. AUS enrollment team will notify the child's parent, guardian, or custodian of the child's absences after the date of the absence that triggered the notice requirement. If a student's absences surpass the threshold for a habitual truant, the School Director will assign the student to a absence intervention team, which will develop an intervention plan for that student. Every effort will be made to include a parent, guardian or custodian as a member of the student's absence intervention team. Notice of the plan developed by the student's absence intervention team will be provided to the student's parent, guardian or custodian. At no time, however, will students be expelled or suspended out of school due to excessive absences or truancy.

Address Verification

For purposes of reporting which school districts the enrolled students are entitled to attend, the School shall require each enrolled student to submit one of the following documents to verify their home address:

- a deed, mortgage, lease, current home owner's or renter's insurance declaration page, or current real property tax bill;
- a utility bill or receipt of utility installation issued within ninety days of enrollment;

ENROLLMENT/ADMISSIONS POLICIES 2019-2020 SY

- a paycheck or paystub issued to the parent or student within ninety days of the date of enrollment that includes the address of the parent's or student's primary residence;
- the most current available bank statement issued to the parent or student that includes the address of the parent's or student's primary residence; or
- any other official document issued to the parent or student that includes the address of the parent's or student's primary residence.

On a monthly basis, the School shall randomly review student residency records of students enrolled in the School. A residence verification card will be mailed to the students address on file. If the mail is not returned the residence/address has been verified. If the mail is returned the student/parent guardian must provide new proof of residency valid within 30 days from the return mail.

A Student's district of residence shall be verified upon initial enrollment, and thereafter on an annual basis.

For purposes of making the determinations required under this Policy, the district in which a parent or student resides is the location the parent or student has established as the primary residence and where substantial family activity takes place.

If a district's determination differs from the School's determination, then the School shall provide the district with documentation of the student's residency and shall make a good faith effort to accurately identify the correct residence of the student.

This Policy supersedes any contrary or additional requirements imposed by the respective public-school district of residence.
