College Credit Plus

The Governing Authority understands that its students may benefit by participating in college-level courses offered by accredited colleges and universities in Ohio. Accordingly, Eligible Students may participate in the College Credit Plus Program (the “Program”), which permits students to receive school credit for completing college-level classes.

Program

Eligible Students that participate in the Program may enroll in one of two options.

- *Option A.* Eligible Students enroll in college courses and seek only college credit for the course(s) taken. The student pays for all tuition and costs of all textbooks, materials, and fees associated with the course. Under this option, a student is not considered enrolled in the school
- *Option B.* Eligible Students enroll in college courses and seek college credit *and* high school credit. If the student successfully completes the course, the college and school shall award high school credit and the student will not pay any tuition or any fees. The student will not be charged any other fees. If the student does not complete the course, the student may be responsible for tuition and costs of all textbooks, materials, and fees. Under this option the student is considered enrolled.

Participation Requirements

Students in the 9th, 10th, 11th or 12th grade are eligible to participate provided the student meets all criteria required by law¹. To participate, the following must occur:
